- ◆ **APEC House** - Has been used as a memorial hall and a prestigious international conference hall since the APEC summit meeting. Nurimaru, a 3-story building, is a modernistic expression of "Jeongja," a pavilion in traditional Korean architectural style. Its roof shape symbolizes the ridgeline of Dongbaekseom Island and the interior is a visual display of Korea's creative traditional culture.
- ◆ **Oryukdo Skywalk** - Built on Seungdumal, a border between the East and South Sea. The name translates to "walking in the sky", so it's meant to feel like that. The entire horse shoe-shaped bridge made of glass is set up against a 35m coastal cliff. You can watch the waves hit against the cliffs from under you.
- ◆ **Yongdusan Park** - It is considered a favorite resting place among Busan citizens. The name called Yongdusan because the mountain shapes like a dragon head climbing to land from sea. And the park has an area of about 69,000 m².
- ◆ **BIFF Square** - Busan's modern movie district was originally little more than a pair of cinemas that were built following Korea's liberation from Japanese colonial rule over a half century ago.
- ◆ **Jagalchi Market** - Korea's largest fish market has been a must-see for all friends who love seafood since 1889! The market offers you a wide variety of seafood, as well as some very unique fishes (at least it was different from the Western). Now you can try a variety of sashimi at a reasonable price!
